An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, Syrup of Pepsin, manufactured by the California Fig Syrup Co., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal in laxative and purgative effects, cleansing the system effectively, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from any objectionable quality, its pleasant taste, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a process known to the California Fig Syrup Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

FEW POINTS ON THE MORTGAGE.

The mortgage is a self-supporting institution.

It always holds its own.

It calls for just as many dollars when grain is cheap as when it is dear.

It is not affected by drought.

It is not drowned out by heavy rains.

It never winter kills.

Late springs and early frosts never trouble it.

Potato bugs never disturb it.

It grows nights, Sundays, rainy days and even holidays.

It brings a sure crop every year and sometimes twice a year.

It produces cash every time.

It does not have to wait for the market to advance.

It is not subject to speculation of the bulls and bears on the board of trade.

It is a loan that calls, lets and chafes.

It is a burden that the farmer cannot shake off.

It is with him morning, noon and night.

It eats with him at the table.

It gets under his pillow when he sleeps.

It rides upon his shoulder during the day.

It consumes his grain crop.

It devours his cattle.

It selects the finest horses and the fattest steers.

It lives on the first fruits of the season.

NEW YORK FASHIONS.

Dainty confections in tulle, chiffon, rosettes or mousseline de soie for the neck, have replaced ostrich feather boas.

Violets and roses seem more in evidence than other blossoms, though other flowers, and tulle in every conceivable color, are used in millinery.

Very elegant jackets are made of fawn-colored cloth. The basques are short and scalloped, with stitched and braided seams.

Three grains of borax dissolved in five drams each of rosewater, and orange-flower water, will frequently keep light freckles at bay.

As a pleasing variation of the everlasting dark blues and browns, we have a lovely, cool-looking beige with pinky-brown tinge and a grayish green, suitably serviceable for constant wear.

Half-grown girls are very jauntily gowned. Best & Co. are showing some graceful dresses for misses, so fashioned as to impart a kindly looseness to the figure, and tone down all "growing" angles. Some very pretty jacket suits are also shown by this firm, double-breasted and very much braided, and topped off with art buttons.

Sometimes as many as twelve yards of tulle are used on a single hat, the floral trimming in such case being limited to a large rose.

Brussels lace is the smartest material for a bride's veil.

Little girls wear overalls on the playground, just as boys do. It saves their pretty dresses, immensely.

EVILYN CARLE.

No Right to Uplines.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make good-looking, charming women of a run-down invalid. Only 50 cents at Perry & Thomas' Drug Store.

SILVER REPUBLICANS ARE STILL ENTHUSIASTIC FOR THE W. J. BRYAN AND THE CHIEF PLATFORM.

Ex-Senator Dubois, chairman of the Executive Committee of the National Silver Republican party, was interviewed as to the present attitude of the silver Republicans and said:

"The silver Republicans will meet in national convention at the same time and place as the Democrats.

"So far as the silver Republicans are concerned they are interested in the success of the principles which they supported in the Chicago platform and Bryan has not changed, and the Chicago platform will be re-adopted.

"The union of the Democrats and the silver Republicans will be more complete and harmonious in 1900 than ever before and everything points to a victory of the reform force.

"There is no dissension of the silver Republicans except in the visions of those who wish the success of the gold standard trust corporation, imperialist Republican party."

Frank Barker, one of the negroes indicted for the murder of Sam Gordon, in Logan county, several months ago, died in the Warren county jail, where he has been kept to keep him from being lynched.

## That Cough Hangs On

You have used all sorts of cough remedies but it does not yield; it is too deep seated. It may wear itself out in time, but it is more liable to produce la grippe, pneumonia or a serious throat affection. You need something that will give you strength and build up the body.

## SCOTT'S EMULSION

will do this when everything else fails. There is no doubt about it. It nourishes, strengthens, builds up and makes the body strong and healthy, not only to throw off this hard cough, but to fortify the system against further attacks. If you are run down or emaciated you should certainly take this nourishing food medicine.

SCOTT'S EMULSION, CHICAGO, NEW YORK.

PRINTER MIXED IT UP.

An angry advertiser rushed into the office recently and shouted:

"See here, our ad ought to read, 'Thousands of patrons are wearing trousers of our make.'"

The foreman of the composing room looked up and meekly said: "Well!"

The angry advertiser then handed him a copy of the paper containing the ad.

The compositor had made it read "m-troos."—Kentuckian.

SUNDAY ONLY.

The Bible says Sunday was set apart as a day for rest. That's very true, but the 1800 Sabbath is used by some people principally as a day to be religious.

The long-tail coat, the jackass-graveyard look and only exhibited on a Sunday, and the hypocrite, have them aside at 10 o'clock Sunday night to be used no more until the following Sunday. One of Sam Jones' subjects is "Sunday Only Religion," and in it Samuel has food for much talk. It is disgusting to see so many men pretend to be religious on Sunday and then be as much as the very devil the next six days.—Central Record.

A Popular Wedding Trip.

If you want a delightful wedding trip where you are likely to meet acquaintances, take one of the D. & C. new steel passenger steamers to the Island of Cool Breeze. Steamers and Parlor reserved thirty days in advance. Send two cent stamp for illustrated pamphlet. Address, A. A. SCHANTZ, G. P. O. Box 4, Detroit, Mich.

One of the gravest facts relating to the harmfulness of cigarette smoking to excess is one that has lately come to light. In two distinct cases, recently related, fatal infatuation and dates, by Dr. Forbes Winslow, it was necessary to apply leeches to persistent cigarette smokers. To the no small surprise of the doctors respectively in attendance, both the leeches—they are creatures of very strong vitality—presently released their hold and were observed to drop dead. So notable is this fact that the experiment was tried of applying leeches to other patients who were then under treatment for excessive cigarette smoking, and in every case the leeches died almost immediately.

Dr. Distinct traces of the dangerous lung trouble, that is given off by tobacco under certain conditions were found in the leeches. The same experiment was tried with excessive pipe smokers, with no apparent injury to the leeches.

Rey. Gaines, of Tennessee, is in Washington on business. Speaking of the political outlook he said:

"The Democrats have only to stand firm, renounce Bryan make some additions to the Chicago platform and they will sweep the country in 1900. Bryan's renunciation is assured, for he is just as much admired in the strongholds of the party as he was in '96. The next platform will declare against expansion, militarism, and the trusts, which threaten the destruction of the nation. What next the prospect all the brighter for the Democracy is the turn and devoted state of the Republicans. When Congress meets the majority tries to enact iron-clad gold-standard legislation, it will find out the true sentiment of the country on the financial question."

Kentucky Republicans were perfectly willing to have the gold Democrats vote with them to carry this State, but they are not willing to have the gold Democrats carried with Federal offices, and they have through Senator Deboe, filed a vigorous protest with the administration against Senator Lindsay, of Kentucky, being allowed to name six out of the thirteen Census Supervisors the State is entitled to. Mr. McKinley has had an opportunity to show his gratitude to the men who out-voted those who would have been defeated, and the chances are that the original idea will be carried out, regardless of the protest.—Society News.

The New York woman who married a young lawyer and gave him \$200,000 because "he made such beautiful prayers" should be shining example to members of the legal fraternity of the necessity for early reformation.

Mr. Roberts, the director of the mint, has decided upon the design for the Lafayette silver dollar. At its last session Congress authorized \$5000 of these dollars to be coined in aid of the Lafayette Monument association, which proposes to erect a monument to Lafayette in Paris in 1900. These dollars will be sold for whatever premium can be obtained for them. This is expected to net a large sum, as it is believed the dollars will sell at a minimum of \$2 a piece, while the majority will bring more. If the dollars should average \$4 or \$5 each the total sum for the monument would be secured.

The home-coming of Adm. Dewey has caused a boom in the dry goods trade. The demand for ordinary cloths and prints for conversion into bunting has nearly exhausted the supply, and it has been found necessary to take higher grades of materials, including what is known as "sixty-four square." In the trade it is estimated that at least 500,000 pieces, or 25,000 yards of bunting will be used to welcome the hero of Manila. This extraordinary demand, coming on a rising market, it is said, will influence prices greatly.

Every precaution has been taken to prevent the desecration of the grave of Mrs. Wm. G. Whitney. Mr. Whitney has had the grave planted with torpedoes, and the lot in Zion cemetery, in the village of Douglass, L. I., is guarded night and day by detectives. Two men were detailed for this duty from the Flushing police station, in which prison is now confined.

The very newest society had a dinner to which not one man is invited—a kind of Adamless Eden sort of a feast. Will it last? Are the women strong enough to do away entirely with man's society and still unalloyed pleasure in their own? This a conundrum, remarks a writer on such topics, which remains to be solved. In the meantime, to be at the top notch of fads in swiftness at least one Adamless dinner must be given during the season.

The Winchester Sun says: "Wind-fell Thomas, of this county, has sold within the last year \$167 worth of calves of his own raising on a farm of 130 acres, and he has within the same period sold \$128 worth of hogs raised by slopping and following the cows that produced the calves. He has also sold from the same cows in that time over \$100 worth of butter and milk besides all that his family consumed. He keeps about a dozen cows."

Old man Worthington pardoned 32 murderers in 13 days, many of them serving life sentences. The Republican party ought to put in its next platform a declaration favoring crime of all kinds, that of taking human life in particular, and promising pardons to all who get in trouble after voting that ticket.—Stanford Journal.

A consignment of 30,000 quail caught in Egypt was received at London and will be liberated on rich men's preserves. The crates in which they were kept had been specially constructed, and arrangements had been made for their being properly fed. Very few had died during the voyage from Alexandria to Liverpool.

A St. Paul paper reports that a woman of that city who died the other day left by will enough money to pay taxes on certain personal property which she had not returned to the assessor.

A HUSBAND SAYS:

"Before my wife began using Mother's Friend she could hardly get around. I do not think she could get along without it now. She has used it for two months and it is a great help to her. She does her household work without trouble."

Mother's Friend

is an external liniment for expectant mothers to use. It gives them strength to attend to their household duties, and it relieves the swelling of the feet. It is the only remedy that makes labor short and delivery easy. It is the only remedy that puts the breasts in condition for the swelling or rising is impossible. Don't take medicines internally. They endanger the lives of both a mother and child.

Mother's Friend is sold by druggists for \$1.
